Ecosystem degradation:
We are denuding and poisoning the ecosystems upon which life depends.
Once we recognize this, the solution becomes apparent. Ecosystem Restoration!

EcoRestorationAlliance.net:
It's going to take "almost everyone, almost everywhere",
and we don't have much time. Put your pin on the BigMapToSaveTheFuture.net

The screenshot shows the BigMapToSaveTheFuture.net website. At the top, there is a navigation bar with a search icon, a "Nominate new entries" button, the ERA logo, the text "Big Map to Save the Future", and a "Donate to help make it happen!" button. Below the navigation bar, there is a search bar with the placeholder text "Search in Name, Description, Location". To the left of the search bar is a "Social Web" dropdown menu. Below the search bar is a list of nominated entries, each with a rainbow flag icon and a location name. The list includes:

The screenshot shows the website bigmaptosavethefuture.net. The header includes a search bar, a "Nominate new entries" button, the ERA logo, the site name "Big Map to Save the Future", and a "Donate to help make it happen!" button. The main content area is divided into three sections: a list of nominated locations on the left, a central information panel, and a world map on the right. The list of locations includes entries from Spain, the US, England, Scotland, Germany, and South Africa, among others. The central panel provides instructions on how to interact with the map and promotes the EcoRestorationAlliance.net. The map on the right shows a globe with numerous purple pins indicating nominated locations, with labels for "PERU", "BRAZIL", and "BOLIVIA".
